A Letter of Hon. J. W. Whitfield. TO THE PEOPLE OF KANSAS TERRI-TORY.

Washington, Aug. 4, 1856. The long threatened act has been consunated by the reckless violence of the Representatives, and I, in violation of the and Breckenridge. constitution and the law, have been renord from my seat as your delegate upon the floor of Congress. It is an act without parallel in the history of this country. and is calculated to excite alarm in the minds of all good men. In order that the contest of my right to me sent should have been a legal one, I must have had a competitor at the election. a candidate. Therefore, he is an intruder, and had no more right to initiate and prosecute a contest than any other citizen of the Territory for whom a vote might have been cast.

2. To have made such a contest as is contemplated by the law, the contestant could have claimed that he was entitled p my seat, in consequence of votes cast at the election at which I was voted for. It is notorious that Gov. Reeder sets up no such claim, but that all the claim to which he pretended was tounded upon rotes given him at a different time.

tee for political purposes, and this committee has gathered together a mass of heresay statements, that are not proof of transactions with which I had no concern, and which have nothing to do with my election, and these hearsay statements have been used as evidence in my case, and made the pretext for my removal.

And thus, in a most unparalleled manejection from my seat been consumated. Although my expulsion concerns you, the people of Kansas, more directly, yet it also concerns the whole people of the United States; for the party who have perpetrated the act consider it only as one in a series of measures with which they threaten the peace and safety of the Union. You have done nothing more than act pursuant to an existing law of Congress, which organized the Territory and conferred upon you he sovereign right to mould your own in-

stitutions in your own way. Under this law you elected Representatives to the Territorial Legislature, and they, in the exercise of an acknowledged power, provided by a law of the Territory, for the election of a delegate to Congress At the time by this law I was elected without opposition; yet in defiance of this fact, and after I was regularly admitted to my seat, I have been removed-not really because I was not elected, but because it has been necessary to the consummation of certain party and political objects, within the States, that the laws of Kansas should be stricken down, and all the rights which have arisen under them should be destroyed, even to the denial of the right of representation. These are serious and startling matters, and it becomes you to meet them like men conscious of your rights and prepared to assert them by the peaceful but powerful remedy of the bal-

Sr. Paul, January 1, 1855. Prof. O. J. Wood-Dear Sir: Unsolicited, I tend you this certificate. After being nearly baid for a long time and having tried all the hair restoratives extant, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber, and had my head rabbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was all a glow. This I repeated every morning and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now thick, black and strong—soft and pleasant to the touch, whereas, before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not? but have never seen hitherto any case in which any person's hair was really benefitted by any of the hair tonics. &c., of the day; and it really gives me pleasure to record the result it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects, and have confidence in it. The supply you sent us, as wholesale agents for the Territory, is nearly exhausted and daily inquiries are made for it. You deserve credit for your discovery.
